Experience

Web Developer, Stockbit
March 2021 - present

- Managed Stockbit Academy and set up CI/CD pipeline with minimum ~80% test coverage. Tech: React and friends.
- Refactored and added new features to our legacy social network called Stream. FE and BE are now 100% decoupled. Tech: CodeIgniter and React.
- Initialized a page for Mahakarya Sekuritas campaign that brought in 58,531 leads.

Web Developer, 99.co
August 2019 - March 2021

- Revamped UI on top of CakePHP and Yii for 99 Group websites (rumah123.com and 99.co/id) and improved the conversion rate from CTA on the landing page by ~10%.
- Migrated mobile web stack from Vue SPA to React SSR. Reduced bundle size by ~30%.
- Maintained 99 Group positions in the top 3 of most visited Real Estate websites in Indonesia. Part of the SEO team that launched AMP to increase traffic from mobile devices.

UX Engineer, Coinone Indonesia
August 2018 - June 2019

- Redesigned the whole Coinone Indonesia's trading platform that must 100% comply with the parent company's design system. Tech: Kotlin, React, and Sketch.

Web Designer, Storial
October 2017 - July 2018

- Built Storial's web application from the ground up using PHP (Phalcon) and React SPA.

Ruby on Rails Developer, Pintar
March 2016 - September 2017

- Helped provide UI components built on top of Ruby on Rails using JQuery and friends.

Education

SMA Negeri 4 Bogor
June 2007 - June 2010
